

Recommendation

Angela Bradshaw

Siemens Healthcare recently had the pleasure of working with Angela Bradshaw at a study day held at Fairfield General Hospital in Bury.

The study day was a fantastic opportunity to have an insight into the Alexander Technique and how this can be easily implemented into every day clinical practice.

The course was held at Fairfield and many Sonographers from across the North-West network were in attendance.

Personally I found Angela to be highly professional, extremely skilled and a pleasure to work with. I wouldn't hesitate to recommend Angela to a clinical site and I hope Siemens Healthcare get the opportunity to work with her again in the future.

Kind Regards
Nicola Fishwick
